AMASICON 2026

21st International Conference of the Association of Minimal Access Surgeons of India

27th – 30th August, 2026
Biswa Bangla Exhibition & Convention Center
Kolkata, West Bengal

Four days of live operative surgery, master classes, and landmark scientific sessions in the intellectual capital of India.

A message to delegates

Welcome to Kolkata

AMASICON 2026 marks the 21st International Conference of the Association of Minimal Access Surgeons of India — a gathering built on scientific rigor, collaborative spirit, and continuous surgical education.

CP

C. Palanivelu

Founder President, AMASI

As Founder President, I take great pride in the phenomenal growth of this association. In the culturally rich city of Kolkata, we reaffirm our commitment to excellence, innovation, and learning. Engage fully, exchange ideas, and challenge conventions.

KJ

Kalpesh Jani

President, AMASI

This year's conference promises an outstanding confluence of knowledge, skills, and camaraderie. With a robust scientific program, hands-on training modules, and expert-led sessions, AMASICON 2026 will truly be a milestone event.

ORGANISING COMMITTEE

Om Tantia
Advisor & Intl. Faculty Co-ordinator

Abhimanyu Basu
Organising Chairman

Tamonas Chaudhuri
Organising Secretary

Biswarup Bose
National Coordinator

Roshan Shetty
Honorary Secretary, AMASI

Seraj Ahmed
Treasurer

What to expect

Conference Highlights

India's largest platform for skill advancement and surgical learning — everything under one roof.

1

Empowering Minimal Access Surgery

India's largest platform for skill advancement and surgical learning.

2

Cutting-Edge Scientific Sessions

Latest techniques, evolving protocols, and cross-specialty innovations.

3

Live Operative Demonstrations

Real-time surgeries by master surgeons across varied disciplines.

4

Cadaveric Hands-On Skill Enhancement

Structured FMAS training and workshops to elevate hands-on competence.

5

International & National Faculty Panels

Leading voices shaping the future of laparoscopic and robotic surgery.

6

Interactive Certificate Courses

Specialised topics with practical focus — limited-seat learning.

7

Video, Paper & Poster Presentations

Prestigious AMASI awards, bursaries, and recognition for research.

8

Young Surgeon Conclaves & PG Forums

Dedicated tracks to empower the next generation of surgical leaders.

9

Cultural Evenings & Networking Mixers

Celebrate heritage and hospitality — the Kolkata way.

10

Convocation Ceremony

A defining milestone — join the spirit of surgical community and growth.

Program at a Glance

Four parallel halls run through the scientific days. A snapshot of each day's headline tracks.

01 27 August 2026 — Thursday

Hernia workshop, gall bladder & awards

SCREEN 1 · RED	Advanced Ventral Hernia Workshop · Gynae Award Paper
SCREEN 2 · GREEN	Gall Bladder safety · Hernia essentials · International perspectives · Masters' Voice
SCREEN 3 · BLUE	Award sessions — Poster, Young Scholar, Paper, Personal & Institutional Video
SCREEN 4 · YELLOW	Hospital Setup & Management · Artificial Intelligence in surgery
ALL SCREENS	FMAS, DIPMAS & MMAS Convocation — 18:00 · Convocation Dinner — 20:00

02 28 August 2026 — Friday

Live surgery & international plenary

SCREEN 1 · RED	Gynaecology live surgery & didactic sessions
SCREEN 2 · GREEN	Live Operative Workshop · International Plenary Session
SCREEN 3 · BLUE	Live Operative Workshop · Upper GI · Bariatric surgery
SCREEN 4 · YELLOW	Robotic surgery · Telesurgery · Fluorescence · Innovations · Neighbouring Friends
ALL SCREENS	Presidential Oration — 14:50 · Inauguration & Dinner — 18:00

03 29 August 2026 — Saturday

Proctology, HPB & colorectal

SCREEN 1 · RED	Gynaecology & pelvic surgery — workshop, panel & lectures
SCREEN 2 · GREEN	Minimally Invasive Proctology · Debate · The Cutting Edge
SCREEN 3 · BLUE	Live Operative Workshop · HPB — Liver & Pancreas
SCREEN 4 · YELLOW	Live Operative Workshop · Colorectal · Next-Gen Topics
ALL SCREENS	General Body Meeting — 18:30 · Banquet — 19:30 onwards

04 30 August 2026 — Sunday

Plenary of Indian surgical associations

SCREEN 1 · RED	Paediatric Surgery · AMASI Survey Report · Master Video
SCREEN 2 · GREEN	IASG · Abdominal Wall Reconstruction · HSI · IHPBA-IC · ACRSI
SCREEN 3 · BLUE	Master Video Sessions by Experts
SCREEN 4 · YELLOW	Master Video Sessions by Experts
ALL SCREENS	Valedictory Function — 13:00

27 August 2026

Thursday · Scientific Program

01 Hernia workshop, gall bladder & awards

SCREEN 1 · RED

Advanced Ventral Hernia Workshop

Session 1 · Advanced Ventral Hernia Workshop

09:00 – 16:00

CHAIRS · Convenor: Rajesh Shrivastava

CHAIRS · Rudradeep Banerjee, Parthasarathi Dutta, Bani Prasad Chattopadhyay — 09:00 – 10:40

09:00	Inauguration & Course Overview	Rajesh Shrivastava
09:10	Surgical Anatomy of the Anterior Abdominal Wall	Partha Sarathi Ghosh
09:30	CT Roadmap for Ventral Hernia Surgery	Sumanta Dey
09:50	Tailoring the Operation: Classification & Decision Making	Kalpesh Jani
10:10	Prehabilitation, Optimization & ERAS	Sarfaraz Baig
10:25	IPOM Plus: Current Role, Indications & Limitations	Kedar Patil
10:40	Discussion	

CHAIRS · Samir Mukherjee, Tapan Kumar Biswas, Debraj Ray — 11:00 – 13:00

11:00	Principles of eTEP Access & Space Creation	Sharad Sharma
11:15	Operative Masterclass — eTEP RS Repair	Promod Shinde
11:35	Operative Masterclass — Posterior Component Separation (PCST/TAR)	Sandeep Sabnis
11:55	Operative Masterclass — Anterior Component Separation (ACST)	P. Senthilnathan
12:15	PeTEP Repair: Evolution of Extraperitoneal Ventral Hernia Surgery	Sameer Rege
12:30	Lateral Ventral Hernia — Challenges & Surgical Strategies	Bharath Cumar
12:45	Subcostal Hernia — Open, MIS or Robotic?	B. Ramana, Australia

CHAIRS · Manish Mandal, Sanjay Kumar, Jugindra S. — 13:45 – 15:20

13:45	Loss of Domain: Modern Preoperative Optimization	R. Parthasarthi
14:10	Carolina Cross-over: The New Frontier in Ventral Hernia Surgery	Rajesh Shrivastava
14:35	Robotic Ventral Hernia Repair: Current Evidence & Future Directions	P. Senthilnathan
15:00	SCOLA — Indications, Technique & Outcomes	Krunal Solanki

15:20 – 16:00 — **Panel · Managing Complications in Modern Ventral Hernia Surgery — Prevention, Recognition & Solutions**

Mod: Tamonas Chaudhuri · Panel: Manoj Chaudhury, Soumen Das, Sandeep Sabnis, Biswarup Bose, Sameer Rege

SCREEN 1 · RED

Gynae Award Paper

Session 2 · Gynae Award Paper

16:00 – 17:30

JURY · Abhinibesh Chatterjee, Poly Chatterjee, Amit Basu, Arnab Basak, Avishek Bhadra

16:00	Hidden in plain sight: minimally invasive management of vulvar carcinoma with endoscopic nodal dissection	Nikhitha Gogineni
16:08	Salvage beyond palliation: laparoscopic-assisted total pelvic exenteration for recurrent vaginal vault adenocarcinoma	P. Santhosh
16:16	Nerve-sparing laparoscopic endometriosis resection: a comparative analysis of functional outcomes	Nikhitha Gogineni
16:24	Laparoscopic vaginoplasty	Haripriya Vedantham
16:32	From rural resistance to readiness: a 13-year journey of minimal access family planning at a rural teaching hospital	Kalpana Basany
16:40	Isolated bladder endometriosis presenting as cyclical dysuria: a rare case managed by therapeutic laparoscopy	Ipsita Praharaj
16:48	Uterine leiomyoma protruding into bladder through a caesarean scar defect: managed laparoscopically	Ashwani Narnoure
16:56	Accessory cavitated uterine malformation: diagnostic challenges and laparoscopic management of a rare Mullerian anomaly	Ritika Shrivastav
17:04	Enhancing ureteric safety in complex benign gynecology: a 25-case experience with ICG fluorescence imaging	Ritika Shrivastav

Session 3 · Eminent Lecture

17:12 – 17:32

CHAIRS · Promod Shinde, Vivek Kaje

17:12	Beyond Conventional Laparoscopy: Expanding Surgical Possibilities with Next-Generation Robotics	Senthilnathan P.
17:22	“Sac Smart” — Seroma-Sparing Robotic TAPP: A Video Presentation	Tushar

ALL SCREENS · 1 · 2 · 3 · 4

18:00 onwards

Day Close

18:00 | FMAS, DIPMAS & MMAS Convocation

CONVOCATION DINNER 20:00

SCREEN 2 · GREEN

Gall Bladder

Opening Lecture

09:00 – 09:30

09:00	Ethics in Surgical Innovation	Arkaprabha Roy

Session 1 · Gall Bladder

09:30 – 10:30

CHAIRS · Gaurab Das, Gunabhi Ram Das, Bhuban M. Das, Mukul Singh

09:30	Subtle Biliary Anatomy & the Critical View of Safety in 2025	Biswarup Bose
09:45	Difficult Gallbladder: When to Bail Out and How	Deborshi Sharma
10:00	What is your personal threshold for bailout or conversion?	Jasmeet Ahluwalia · Roshan Shetty · Suresh Chandra Hari
10:15	Lap Subtotal Reconstituting Chole — Tips and Tricks	Vishal Shelat, Singapore

10:30 – 11:00 **Panel · Bile Duct Injury in 2025: Prevention, Early Recognition, and First Response**

Mod: Biju Pottakat · Panel: Abhimanyu Basu, Devendra Naik, Ishwar Hosamani, Jugindra S., P. Senthilnathan, Sukanto Roy, Krishna Rani Majumder

CHAIRS · Utpal De, Ashok Kumar Nayak, John Bordoloi, Nipan Das — 11:00 – 11:30

11:00	Fluorescence, 3D & Enhanced Visualization: Do They Really Change LC?	Prashant Rahate
11:15	Robotic and AI-assisted Cholecystectomy: Hype, Data, and Cost	Kedar Patil

11:30 – 12:10 **Panel · Short Operative Clips of 'Near Misses' and How to Avoid Them**

Mod: Kalpesh Jani · Panel: B. S. Pathania, Rakesh Shivhare, Om Tantia, S. Soppimath, Padmasen Ranbagle, Lalit Agarwal

SCREEN 2 · GREEN

Hernia & International Perspectives

Session 2 · Hernia Essentials

12:10 – 13:25

CHAIRS · Siddhart S. Bhatta, Priya Ahire, Kushankar Guha, Indra Singh Choudhary, Sathya Moorthi

12:10	Prehabilitation & Metabolic Optimization before Hernia Surgery — The Forgotten Foundation	Sandeep Sabnis
12:25	Anatomy Reimagined — Decoding Myofascial Planes with Imaging & AI Overlays	Rajesh Shrivastava
12:40	Lateral & Subcostal Hernias — Why They Are Different	Sameer Rege
12:55	Biologic, Biosynthetic & Regenerative Meshes — What's Real in 2026?	Laxmikanth
13:10	Mesh Updates: 2026	Jan Kukleta, Switzerland

Session 3 · Innovation & Technique Arena

14:00 – 15:00

CHAIRS · P. K. Jha, Ranendra Hajong, Devender Singh, Md Abdur Rahman

14:00	Reverse eTEP	C. J. Varghese
14:15	Understanding the Fat Planes & Anatomical Landmarks in Inguinal Hernia	Laxman Sastry
14:30	Difficult to Close Ventral Hernia — How to Bridge the Gap	Yusuf Afaque
14:45	Complex Re-do Cases & Mesh Failures — Salvage Strategies & Decision Algorithms	C. Palanivelu

Session 4 · Hernia International Perspectives

15:00 – 16:00

CHAIRS · Rajinder Parshad, Kuntal Bhaumik, Priyadarshan A. Jategaonkar, Anuj Poddar

15:00	Evaluation of the Sportsman's Groin	Aali J. Sheen, UK
15:15	Glue Fixation in MIS Repair	Jan Kukleta, Switzerland
15:30	Concomitant Ventral Hernia Management	A. K. Saleem Ahmed, Singapore
15:45	Mesh Matters	B. Ramana, Australia

SCREEN 2 · GREEN

The Masters' Voice

Session 5 · The Masters' Voice

16:00 – 17:00

CHAIRS · Partha Pratim Das, Uttam Kumar Thakur, Nipon Das, Sandeep Jain

Theme: Decoding Decision Making in Abdominal Wall Reconstruction & Groin Hernia
Discussion Points

16:00	Choosing the Right Plane in TEP Groin Hernia Surgery	R. Parthasarthi
16:10	Managing Loss of Domain	Rajdeep Singh
16:20	AI & Fluorescence Integration in Prevention of Complications in Ventral Hernia	Prakash Sasmal
16:30	YE in Lap Surgery	Tamonas Chaudhuri
16:40	Role of Botox in Hernia Surgery	A. K. Saleem Ahmed, Singapore
16:50	eTEP-RS for Incisional Hernia: Is Laparoscopy Enough?	Priyadarshan Jategaonkar

Session 6 · Panel Discussion

17:00 – 17:30

17:00 – 17:30 **Panel · Options in Management of Diverication of Recti**
Mod: Aditya Kumar · Panel: Sudipta Saha, Rajdeep Singh, Rajendra Mandia, Bikal Ghimire, Siddharth Rao, Devender Singh

ALL SCREENS · 1 · 2 · 3 · 4

18:00 onwards

Day Close

18:00 | FMAS, DIPMAS & MMAS Convocation

CONVOCATION DINNER 20:00

SCREEN 3 · BLUE

Award Sessions · Best Poster & Young Scholar

Session 1 · Best Poster Award

09:00 – 10:00

JURY · Manoj Kumar, Laxmikant, Gautam Das, Bitan Kumar Chattopadhyay, Mayank Jain

09:00	Valentino syndrome: gastric perforation mimicking acute appendicitis	Saravana Santhosh A.
09:05	Preserving the spleen: laparoscopic management of a rare splenic hydatid cyst	Soham Roy Chowdhury
09:10	Seminoma in crossed testicular ectopia: synchronous high inguinal orchidectomy and laparoscopic TAPP repair	Uzma Qumar
09:15	The Caged Queen and the Blade of Liberation — laparoscopic management of median arcuate ligament syndrome	Abhinandan Thappa
09:20	3D versus 2D laparoscopic groin hernia surgery: a prospective randomised study	Alamelu Ramanathan
09:25	Double rarity, single approach: laparoscopic management of porcelain gallbladder in situs inversus totalis	Kartik Madan
09:30	Transition from open to laparoscopy for intra-abdominal paraganglioma — lessons learnt	Vagisha Shrivastava
09:35	A case series analysis of spigelian hernia: a diagnostic dilemma and its successful laparoscopic repair	Deovrat Raj
09:40	Beyond the hernial sac: a rare case report of MRKH syndrome	Ankana Roy
09:45	Ectopic Spleen in Disguise of Asplenia (Heterotaxy Syndrome): A Rare Case Report	Arul Prakash

Session 2 · Young Scholar Award

10:05 – 11:45

JURY · Vikas Singh, Sandip Ray, Aditya Kumar, Amit Ray, Sakti P. Sahoo

10:05	Yellow enhancement vs ICG-NIR fluorescence in identifying anatomical landmarks during lap cholecystectomy	Ravi Raj
10:13	Optimal timing of preoperative ICG administration for fluorescent cholangiography during lap cholecystectomy: RCT	Rahul Badhani
10:21	Beyond recurrence: quality-of-life outcomes after TEP and TAPP repair using the Carolina Comfort Scale	Kunal Banerjee
10:29	Reduced Trendelenburg position in laparoscopic low anterior resection: feasibility and safety analysis	Soumyadeep Mondal
10:37	Dose optimisation of ICG for near-infrared fluorescence imaging in lap cholecystectomy	Atharva Shinde
10:45	Evolution of minimally invasive biliary surgery: 1,000 laparoscopic vs robotic cholecystectomies	Anurag Chaudhuri
10:53	Hand-sewn pancreatico-jejunostomy vs pancreatico-gastrostomy in laparoscopic pancreaticoduodenectomy	Siddhi Korde
11:01	Use of hiatal surface area in surgical decision making for hiatus hernia repair	Kaustubh Kulkarni
11:09	RCT comparing post-operative GE reflux scoring in sleeve gastrectomy with or without omentopexy	Kartikey Sharma
11:17	Antral wall thickness in morbid obese patients and its relationship with body mass index	Tushar Gupta

SCREEN 3 · BLUE

Award Sessions (cont.) · Best Paper & Best Personal Video

Session 3 · Best Paper Award

11:50 – 13:30

JURY · Himanshu Yadav, Jayanta Kumar Das, Jaisingh Shinde, Prakash K. Sahoo, Bindey Kumar

11:50	From flaps to endoscopy: changing paradigms in pilonidal sinus management	Mehul Kohli
12:00	Sutures with tackers vs tackers alone (double crown) for mesh fixation in lap ventral hernia repair	Keerthi A. R.
12:10	Laparoscopic TEP plus: cost-effective modification of TEP for bilateral inguinal hernias	Harsha M. P.
12:20	Video-assisted thoracic decortication: a robust study on the relevance of VAT decortication in early empyema thoracis	Shyama Viswambharan
12:30	Impact of surgical approach on patient-reported outcomes following inguinal hernia repair: RCT	Dheerendra Yadav
12:40	Role of ICG fluorescence cholangiography in difficult laparoscopic cholecystectomy: comparative study	Rajni Anand
12:50	Comparative outcomes of 170 robotic thyroidectomies using transoral (TORT) and bilateral axillo-breast (BABA) approaches	Gyan Chand
13:00	Laparoscopic-thoracoscopic esophagectomy with intrathoracic anastomosis for end-stage achalasia cardia	Pratyay Amrit
13:10	Surgical outcomes of adrenalectomy for aldosterone-producing adenoma: a single-centre study	Abhrodita Sinha
13:20	Liver biopsy during lap cholecystectomy to evaluate prevalence of NAFLD in cholelithiasis	Shyam Lal

Session 4 · Best Personal Video Award

13:40 – 15:40

JURY · Ameet Kumar, Anand Vijai N, Prashant Rahate, Srikant Patro, Madhumita Mukhopadhyay

13:40	Laparoscopic spleen-preserving distal pancreatectomy for large cystic neoplasm of pancreas (SPEN) — Kimura technique	Rashesh Solanki
13:52	Total mesocolic excision with D3 lymphadenectomy for carcinoma of hepatic flexure — laparoscopic approach	Vivek Nath
14:04	Four-layer anti-recurrence repair of parastomal hernia (FLARE technique): a novel multilayered laparoscopic approach	Prakash Sasmal
14:16	Laparoscopic segmental colectomy with CME & CVL for distal transverse colon carcinoma: a video vignette	Sumanta Dey
14:28	From fibrosis to flow: ureteric reimplantation in ureteral endometriosis	Prithiviraj M.
14:40	Laparoscopic recurrent inguinal hernia simplified	Kedar Patil
14:52	Robotic pancreaticoduodenectomy for carcinoma head of pancreas with indwelling metal biliary stent	Usha Gautam Mehta
15:04	Robotic intersphincteric resection with partial excision of external sphincter (type IV ISR) using Hugo RAS	Naveena A. N. Kumar
15:16	When the posterior rectus sheath fails — a surprising turn after eTEP-RS repair	Rashmiranjan Sahoo
15:28	Total lap pancreaticoduodenectomy in chronic pancreatitis after neoadjuvant chemotherapy	Basant Narayan Singh

SCREEN 3 · BLUE

Award Sessions (cont.) · Best Institutional Video

Session 5 · Best Institutional Video

15:50 – 17:50

JURY · M. L. Saha, Jagdishwar Goud, Navneet Chaudhary, Tushar S. Mishra, Abhimanyu Basu

15:50	Minimally invasive thymectomy: defining planes, landmarks and safe dissection	Sujeetha Kumar
16:02	Laparoscopic ventral mesh rectopexy	Hrithiwish Halder
16:14	Lap extrahepatic bile duct resection and left hepatectomy with caudate lobectomy for intrahepatic cholangiocarcinoma	Amitabha Das
16:26	Modified port position for lap bilateral TAPP inguinal hernia repair via unilateral peritoneal flap	Sayandeep Maity
16:38	Concomitant laparoscopic repair of perineal and inguinal hernias post-abdominoperineal resection	Vikas Singh
16:50	Laparoscopic right posterior sectionectomy (segments VI & VII)	Vimalakar Reddy Eppa
17:02	Posterior RAMPS with nephrectomy: a minimally invasive approach	Gopal D. Gadade
17:14	Robotic repair of common hepatic artery pseudoaneurysm	Nithin Gautham Wilson
17:26	Minimal invasive management of giant right diaphragmatic hernia with intrathoracic liver	Devender Singh
17:38	Lap duodenum-preserving pancreatic head coring (Frey's) with Roux-en-Y lateral pancreaticojejunostomy	Nitin Baste

ALL SCREENS · 1 · 2 · 3 · 4

18:00 onwards

Day Close

18:00 | FMAS, DIPMAS & MMAS Convocation

CONVOCATION DINNER 20:00

SCREEN 4 · YELLOW

Hospital Setup & Management

Session 1 · Vision, Models & Project Report

10:00 – 11:00

CHAIRS · Sumit Sanyal, Sukumar Maity, Samindranath Basak

10:00	Welcome, Expectations, Opinion Poll	
10:10	Choosing the Right Hospital Model	Rakesh Shivhare

Session 2 · Hospital Finance & Cost Analysis

10:30 – 11:45

CHAIRS · Pankaj Surana, Sakeel Javed, Umesh Bezawada

10:30	Understanding Hospital Finances	Praveen Raj
10:50	Costing & Pricing Your Services	Jasmeet Ahluwalia
11:15	Break-even, Sensitivity, and Common Traps	Vishal Goel

Session 3 · Planning, Construction & Infrastructure

11:45 – 12:15

CHAIRS · Kallol Kumar Roy, Partha Bhar, Kushankur Guha

11:45	Principles of Hospital Planning	Mr. Arghya Mazumdar
12:00	OT, ICU, and Critical Areas	R. Parthasarthi

Session 4 · HR, Staffing & Culture

13:30 – 14:05

CHAIRS · Debashish Mukherjee, Dhrubajyoti Dey, Dipak Ghosh

13:30	Manpower Planning, Hiring & Retention	Mrs. July Dasgupta
13:45	Building Culture, Communication, and Teamwork	Tarun Mittal

Session 5 · Quality, Risk & Handling Adverse Events

14:05 – 14:55

CHAIRS · Subhasish Saha, Rajat Bhattacharjee, Tapan Kumar Biswas

14:05	Quality Systems That Actually Work	Ashokan (GEM, Chennai)
14:20	Dealing with Unexpected Patient Death — Clinically and Administratively	Laxman Sastry
14:35	Communicating with Distressed or Unruly Relatives	Suresh Chandra Hari

SCREEN 4 · YELLOW

Hospital Setup & Management (cont.) · Artificial Intelligence

Session 6 · Marketing, Branding & Building a Practice

14:55 – 15:45

CHAIRS · Amit Kumar Samanta, Sudeb Saha, Ashish Ranjan Saha

14:55	Understanding Your Market and Brand	Mr. Dipak Pramanik
15:10	Practical Marketing and Digital Presence	Anshuman Kaushal
15:25	Open House Panel: All Participants Can Ask Questions	

Session 7 · Artificial Intelligence

15:45 – 17:15

CHAIRS · Kuntal Bhaumik, Santosh Kumar, Debraj Ray

15:45	Exploring Beyond the Operation Theatre: The New Frontiers with Generative AI	Sukriti Rastogi
15:55	Code of Conduct or Conduct of Code: Ethics in the Era of Smart Surgeons	S. Soppimath
16:05	The Brightest Minds Cast the Darkest Shadows: The Dark Side of AI	Mayank Jain
16:15	Scalpel Meets Silicon: Is Surgical Wisdom Upgrading or Uploading?	Priya Hazrah
16:25	Surgery in the Era of Connectivity: IoT Devices as the New Surgical Assistants	R. Parthasarthi

16:35 – 17:15 **Panel · AI in Surgical Training: Evolution of Skill or Erosion of Soul?**
Mod: Mayank Jain · Panel: Rasesh Solanki, Mayank Gupta, Amit Roy, Priya Hazrah

17:15	Beyond Visualization: How Fluorescence is Transforming Surgical Decision Making	Mr. Sahil Khudus Khan

ALL SCREENS · 1 · 2 · 3 · 4

18:00 onwards

Day Close

18:00 | FMAS, DIPMAS & MMAS Convocation

CONVOCATION DINNER 20:00

28 August 2026

Friday · Scientific Program

02

Live surgery & international plenary

SCREEN 1 · RED

Gynaecology

Session 1 · Live Surgery — Gynaecology

09:00 – 14:50

MODERATORS IN HALL · Subhash Chandra Biswas, Tulika Jha, Sanjoy Biswas, Avishek Bhadra, Mousumi De Banerjee

09:00	Tubal Recannalisation	Pandit Palaskar
10:00	Sacrocolpopexy / ReDo Lap PID with TO Mass	Mahindra Borse
11:30	Stepwise Laparoscopic Endometriosis Surgery with Microwave Ablation of Adenomyosis	Arnab Basak
13:00	Laparoscopic Myomectomy	Aruna Tantia
14:00	Laparoscopic Ovarian Cystectomy	M. M. Samsuzzoha

ALL SCREENS · 1 · 2 · 3 · 4

14:50 – 15:25

Presidential Oration

CHAIRS · C. Palanivelu, Dilip Gode, Tamonas Chaudhuri, Suresh Chandra Hari, B. S. Pathania

14:50	Giving and Receiving: The art (and agony) of mentorship and my journey in AMASI	Kalpesh Jani

SCREEN 1 · RED

Gynaecology (cont.)

Session 2 · Didactic Session

15:25 – 16:30

15:25	Multidisciplinary Synergy in Robotic Endometriosis Surgery: A Colorectal Surgeon's Perspective	Luqman Mazlan, Malaysia

15:45 – 16:30 **Panel · Complications in Endoscopic Surgery**

Mod: Mandira Dasgupta, Tulika Jha · Panel: Bidisha Roychoudhury, Ritwik Ghosh Haldar, Mahua Bhattacharya, Soma Datta, Niladri Sen, Jayita Chakrabarti, Smita Gutgutia

Session 3 · Didactic Lectures

16:30 – 18:00

CHAIRS · Sakshi Agarwal, Mandira Dasgupta, Arnab Basak, Mrityunjay Kumar, Bhartendu Kumar

16:30	Laparoscopic Instruments, Equipment & Energy Sources	Ritika Rajesh Shrivastava
16:45	Laparoscopic Entry & Ergonomics	Sanjoy Biswas
17:00	Laparoscopic Ovarian Cystectomy (Dermoid)	Avishek Bhadra
17:15	Stepwise Laparoscopic Myomectomy (Myometrial Repair)	Tanuka Das
17:30	Robotic Gynae-Onco Surgery (FGS)	Arunava Roy
17:45	Surgical Management in Urinary Incontinence	Subhash Chandra Biswas

ALL SCREENS · 1 · 2 · 3 · 4

18:00 onwards

Day Close

INAUGURATION CEREMONY	18:00
INAUGURAL DINNER	20:00

Live Operative Workshop

Session 1 · Live Operative Workshop

09:00 – 14:50

Live Surgery 1 09:00 – 11:00

MODERATORS IN HALL · Abhishek Agarwal · Nitin Borle · Muralidhar Kathalagiri S · Sidharth Sankar Bhattacharya · V. K. Singh

Live Surgery 2 11:00 – 13:00

MODERATORS IN HALL · Manish Kumar Agrawal · Sudarshan S. · Joti Kumar Nayak · Sidhartha Phukan · Prabhakar Das

Live Surgery 3 13:00 – 14:50

MODERATORS IN HALL · Madhav Chambule · Abhinav Prakash Arya · Vijay Kannaujiya · S. M. Kumar · V. K. Singh

ALL SCREENS · 1 · 2 · 3 · 4

14:50 – 15:25

Presidential Oration

CHAIRS · C. Palanivelu, Dilip Gode, Tamonas Chaudhuri, Suresh Chandra Hari, B. S. Pathania

14:50 | Giving and Receiving: The art (and agony) of mentorship and my journey in AMASI — Kalpesh Jani

SCREEN 2 · GREEN

International Plenary Session

Session 2 · International Plenary Session

15:25 – 17:40

CHAIRS · Jugindra S., Roshan Shetty, Prabhakar Das, Sudhir Kapoor — 15:25 – 16:25

15:25	Laparoscopic Whole Layer Cholecystectomy for Gallbladder Cancer	Goro Honda, Japan
15:40	Robotic vs Laparoscopic Liver Resections — Current Evidence from the International Study Group	Brian Goh, Singapore
15:55	Artery First Approach in Minimally Invasive PD	C. Palanivelu, India
16:10	Minimally Invasive Surgery for Intra-hepatic Cholangiocarcinoma	Ho Seong Han, Korea

CHAIRS · Sidhartha Phukan, Biswanath Tiwary, Abhilash Goyal, Nirajan Kansakar — 16:25 – 17:40

16:25	Laparoscopic Anterior Resection	Bawantha Gamage, Sri Lanka
16:40	When Green Means Go: ICG in Colorectal MIS	Luqman Mazlan, Malaysia
16:55	Current Management of Rectal Prolapse: MAS Perspective	Ramesh Ardhanari
17:10	Retroperitoneal Necrosectomy: The Step-up Approach Using TAMIS Port	Sunil Sharma, Nepal
17:20	Can We Avoid Component Separation with New Tools (BTA and IFT)?	Jan Kukleta, Switzerland
17:30	Adductor Longus Tenotomy for Chronic Pubalgia	Aali J. Sheen, UK

Upper GI & Bariatric

Session 2 · Upper GI

15:25 – 17:10

CHAIRS · Rajdeep Singh, Nishant Kumar, Kumar Ratnesh, Anil Kumar — 15:25 – 16:25

15:25	Revisional Surgery for Achalasia Cardia — MIS Solutions	Sanjoy Mandal
15:40	Hiatal Repair Techniques for Recurrence: Mesh, Tissue, Sutures, or New Biomaterials?	Lalit Agarwal, Delhi
15:55	Role of ICG in Benign Esophageal Surgery	Suneel Roy Patankar
16:10	Revisional Foregut Surgery	Rajendra Prasad
	Clinical Vignettes	

CHAIRS · Ranendra Hajong, Abhimanyu Basu, Runu Mukherjee — 16:25 – 17:10

16:25	MIE: Left Recurrent Laryngeal Lymph Node Clearance — Tips & Tricks	T. Subramaneswar Rao
16:40	Surgical Management of GERD: What Is New?	Aditya Kumar
16:55	Partial vs Total Fundoplication — Is Tailoring Required?	Roshan Shetty

Session 3 · Bariatric

17:10 – 18:00

CHAIRS · Himanshu Yadav, Lalit Agarwal, Ashok Kumar Sharma, Ajit G. Samal

17:10	Bariatric Surgery in the Era of GLP-1s: Are We at an Inflection Point?	Apoorv Shrivastava
17:20	Sleeve, RYGBP, OAGB, or SADI-S? Choosing Procedures in 2026	Aniq Gajdhar
17:30	Endoscopic Bariatric Therapies: Disruptor or Niche?	Mohd Ismail
17:40	Metabolic Surgery for Non-obese Patients: Is It Justified?	Tarun Mittal
17:50	Combined Surgery with GLP-1 Medication	Jayant Leo

Innovations & Neighbouring Friends

Session 3 · Innovations in Surgery

15:25 – 16:00

CHAIRS · Pranil Rai, Prasan Bir Sing Kansakar, Pravin Joshi

15:25	From Innovation to Value: Defining the Role of Robotics in Modern Inguinal Hernia Repair	Cherian Mathew
15:35	MALS — A Syndrome Corrected by Laparoscopy	J. S. Rajkumar
15:45	Laparoscopic Management of Bleeding Duodenal (D2–3) GIST	Ajay Punpale

Session 4 · Guest Lectures

16:00 – 17:00

CHAIRS · Krishnanand, Rajat Bhattacharya, Devender Singh, Robin Joshi

16:00	Current Position of Laparoscopic Liver Resection	Ho-Seong Han, Korea
16:15	IRETA in Lap Right Hemicolectomy: Tips & Tricks	Manas Ranjan Sahoo
16:30	Robotic Intersphincteric Resection for Low Rectal Cancer	Ajit Pai
16:45	Laparoscopic & Robotic Management of Splenic Flexure Tumors	T. K. Rajesh

Session 5 · Neighbouring Friends Session

17:00 – 17:45

CHAIRS · Sunil Sharma, Romeo Kansakar, Rupesh Mukhia, Rasitha Manathunga

17:00	VATS for Empyema Thoracis	Dhammika Rasnayake, Sri Lanka
17:15	Algorithm to Laparoscopic Splenectomy	Bikal Ghimire, Nepal
17:30	Autonomic Nerve Injury during Lap TME: Prevention, Recognition & Management	Bishnu Kandel, Nepal

Gynaecology & Pelvic Surgery

Session 1 · Live Operative Workshop — Gynaecology

09:00 – 14:00

MODERATORS IN HALL · Alok De, Sujata Datta, M. M. Samsuzzoha

09:00	Total Laparoscopic Hysterectomy (TLH)	Mod. in OT: Amit Basu, Pushan Kundu
10:30	Laparoscopic Radical Hysterectomy / Lap Lymphadenectomy + Oophorectomy	Mod. in OT: Abhinibesh Chatterjee
12:00	Lap + Hysteroscopy / Lap Burch	Mod. in OT: Poly Chatterjee
13:00	TOT	Mod. in OT: Subhash Chandra Biswas

Session 2 · Panel Discussion

14:00 – 15:00

14:00 – 15:00 **Panel · Documentation & Medico-legal Implications in Endoscopic Surgery**

Mod: Shyamal Sett, Mausumi De Banerjee · Panel: Abhijit Halder, Susmita Mitra, Chaitali Roy, Sakshi Agarwal, Sanghamitra Bose

SCREEN 1 · RED

Gynaecology & Pelvic Surgery (cont.)

Session 3 · Didactic Lectures

15:00 – 17:30

CHAIRS · Alpana (Patna), Sanjay Biswas, Subhash Chandra Biswas, Joydeb Roychowdhury

15:00	Stepwise Approach to Endometriosis (video demonstration)	Aloke Kumar De
15:20	Caesarean Scar Pregnancy (Repair of Niche)	Poushali Sanyal
15:40	Robotics in Benign Gynaecology (One Surgery)	Sujata Datta
16:00	Stepwise Exploration of the Retro-peritoneal Space	Arunashis Mallick
16:20	Operative Hysteroscopy	Sudip Basu
16:40	Mullerian Anomalies	Poly Chatterjee
17:00	Robotic Pectopexy	Aruna Tantia
17:15	Lap Burch Operation	Abhinibesh Chatterjee

Session 4 · Special Session

17:30 – 18:15

17:30	Communication Failures in Surgery	Sandip Halder
17:45	Celebrating Diversity and Unity of Our Genomes	Partha P. Majumder

2	Chronic abdominal pain revealing an intraperitoneal chicken-bone foreign body granuloma · Ref ID 2220	Titiksha Tripathy
3	Intraperitoneal Falope rings with appendicular entrapment presenting as chronic abdominal pain: a rare case report · Ref ID 2248	Devansh Sharma
4	Ports around uncertainty: dynamic triangulation and strategic port placement in trauma laparoscopy—a contemporary literature review and ergonomic framework · Ref ID 2399	Prashant Shukla
5	Laparoscopic median arcuate ligament release for median arcuate ligament syndrome: a rare cause of abdominal pain · Ref ID 2456	Jyotirmoy Sarkar
6	Port site infection prevention in laparoscopic cholecystectomy using trocars dipped in 10% povidone-iodine solution: a randomized controlled study · Ref ID 2460	Souparna Ghosh
7	An observational study in case of hemorrhoids (grade 2,3,4) treated with combination procedure of FGHAL (finger guided hemorrhoidal artery ligation) and laser hemorrhoidoplasty · Ref ID 2486	Shankhadeep Banerjee
8	Mesenteric cyst masquerading as urinoma – surgeons dilemma · Ref ID 2508	Rajanya Prajapati
9	Spectrum of hydatid disease: multiorgan presentation, surgical challenges, and evolving minimally invasive management · Ref ID 2262	Gopal D Gadade

PAPER · FF-2 Colorectal session 1

09:00 – 10:40

Day 1 · 27 August · Free Paper Presentations · 8 minutes each

CHAIRS · Tamal Kanti Sengupta, Manas Mukul Mandal, Dipayan Mondal

1	High volume vs low volume surgical practice and oncologic outcomes in colorectal surgery: A retrospective cohort study · Ref ID 2058	Arul Prakash V (for Naeem Ahmad)
2	Minimally invasive ventral mesh rectopexy · Ref ID 2133	Sasi Ragavan V
3	Laparoscopic ventral mesh rectopexy for full-thickness rectal prolapse: a single-center experience from eastern India · Ref ID 2144	Pushpal Prasoon
4	Beyond feasibility: Standardization and oncologic adequacy of laparoscopic D3 righthemicolectomy in 142 consecutive patients · Ref ID 2193	Abhinandan Thappa
5	Comparison of video assisted anal fistula treatment (VAAFT) versus fistulectomy in the management of anorectal fistula at a peripheral hospital · Ref ID 2221	Amaresh Chandra Nayak
6	Short term outcomes of laparoscopic surgery for locally advanced rectal cancer following TNT: a single centre experience from north India · Ref ID 2264	Harish S
7	Feasibility and safety of transanal minimally invasive surgery (TAMIS) for various benign rectal conditions: an experience from a tertiary care centre in India · Ref ID 2291	Venumadhav Jarapala
8	Role of MR defecography in pre-operative work up of full-thickness rectal prolapse · Ref ID 2326	Atharva Shinde
9	Comparison of laser treatment and flap reconstruction in the management of pilonidal sinus: a prospective study · Ref ID 2507	Aneek Kumar Roy
10	Safety and Efficacy of Laparoscopic Appendectomy in Complicated Appendicitis: A Retrospective Study of 58 Patients · Ref ID 2512	Trina Mandal

VIDEO · FF-3

Endocrine & Urology

09:00 – 10:40

Day 1 · 27 August · Free Video Presentations · 10 minutes each

CHAIRS · Tushar Mondal, Pritin Kumar Bera, Asif Ayaz

1	Laparoscopic management of retrocaval or circumcaval ureter, a rare congenital anomaly · Ref ID 2116	**Avijit Roy**
2	ICG guided localisation and trans oral excision of parathyroid adenoma · Ref ID 2067	**Pradeep Shivsharan**
3	Stepwise anterior approach minimally invasive endoscopic total thyroidectomy in a young female · Ref ID 2121	**Simran Patil**
4	Laparoscopic trans-axillary right hemithyroidectomy for a solitary thyroid nodule · Ref ID 2184	**Siddhi Korde**
5	Natural orifice trans-oral trans-vestibular endoscopic hemithyroidectomy (NOTOETVA): stepwise surgical demonstration · Ref ID 2227	**Harsha MP**
6	Endoscopic Sistrunk procedure via axillo-bilateral areolar (ABA) approach: a video presentation · Ref ID 2299	**Vishnukant**
7	Important surgical steps of laparoscopic adrenalectomy · Ref ID 2365	**Abhrodita Sinha**
8	Laparoscopic bilateral transperitoneal adrenalectomy · Ref ID 2423	**Shivanshu Agrawal**
9	Managing upper ureteric stricture: demonstration of laparoscopic buccal mucosal graft ureteroplasty as a feasible and reproducible option · Ref ID 2109	**Naveen Kumar**
10	Laparoscopic repair of traumatic intraperitoneal bladder rupture associated with pelvic fracture following fall from height · Ref ID 2415	**Ankit Patil**

E-POSTER · FF-1

HPB session

10:00 – 11:00

Day 1 · 27 August · Free E-Poster Presentations · 5 minutes each

CHAIRS · Pankaj Surana, Srija Basu, Debraj Ray

1	A Complex Dual Resection: Laparoscopic pancreaticoduodenectomy with D3 right hemicolectomy for locally advanced caecal adenocarcinoma · Ref ID 2056	**Abhinandan Thappa (for Naeem Ahmad)**
2	Fatal outcome following laparoscopic cholecystectomy complicated by mesenteric ischemia · Ref ID 2130	**Sangeeta Biswas**
3	Laparoscopic cholecystectomy in an elongated gallbladder extending below Rouviere's sulcus · Ref ID 2310	**Nidhi Patwari**
4	Navigating the critical view: intraoperative salvage of an aberrant right hepatic duct variant · Ref ID 2336	**Abhishek Mandal**
5	Endoscopic retrograde cholangiopancreatography (ERCP) before laparoscopic cholecystectomy- choosing your patient · Ref ID 2358	**Nawfar Ahmad Bauccha**
6	Surgical management of multiorgan IgG4-related disease presenting with recurrent biliary sepsis, common bile duct stricture, and post-cholecystectomy bile leak: A complex case report · Ref ID 2405	**Harsh Gupta**
7	Laparoscopic common bile duct exploration following failed ERCP stenting · Ref ID 2464	**Samsunnehar Khatun**
8	The unfinished story- two rare delayed complications after laparoscopic cholecystectomy · Ref ID 2490	**Parth Barve**
9	Unmasking a Splenic Rarity: Epithelial Epidermoid Cyst in a 35-Year-Old Female · Ref ID 2530	**Sanskruti Vijay Menge**

PAPER · FF-2 Cholecystectomy session 1

10:45 – 12:25

Day 1 · 27 August · Free Paper Presentations · 8 minutes each

CHAIRS · Surojit Das, Kaushik Das, Sandip Majumdar, Sajib Chatterjee

1	A retrospective study of incidental gallbladder carcinoma in cholecystectomy specimens. · Ref ID 2142	Ranendra Hajong
2	Analysis of causes responsible for post op complications in patients undergoing laparoscopic cholecystectomy · Ref ID 2149	Sumit Kumar Nayak
3	Laparoscopic cholecystostomy as minimally invasive bailout strategy in complicated recurrent acute cholecystitis · Ref ID 2210	Bhakti Bhanushali
4	Laparoscopic completion cholecystectomy for gall bladder stump calculi: A retrospective analysis from a tertiary care centre in eastern India · Ref ID 2243	Rakesh Khan
5	Optimal time for laparoscopic cholecystectomy after percutaneous cholecystostomy done for acute cholecystitis · Ref ID 2278	Vagisha Shrivastava
6	Giant (mega) gallbladder managed successfully in a peripheral healthcare facility: a case report · Ref ID 2279	Mausam Kapil
7	Rare case of lap cholecystectomy in situs inversus totalis using indocyanine green · Ref ID 2300	Naman M Shetty
8	Lessons learnt from 10,000 laparoscopic cholecystectomies (2008-2026): predictors of difficult cholecystectomy, conversion and complications- experience from a high volume center in north east India · Ref ID 2406	Niladri Dey
9	Laparoscopic completion cholecystectomy for residual gallbladder and cystic duct stump pathology: predictors of operative complexity and strategies for safe redo biliary surgery · Ref ID 2427	Prashant Shukla

VIDEO · FF-3 HPB - 1

10:45 – 12:25

Day 1 · 27 August · Free Video Presentations · 10 minutes each

CHAIRS · Ramdip Ray, Amitava Ghosh, Sudhangshu Sekhar Bhoj

1	Laparoscopic closed pericystectomy for hydatid cyst of liver · Ref ID 2069	Pranoy Gupta
2	Laparoscopic deroofing of giant splenic cysts: operative strategy in two cases · Ref ID 2135	Duminda Subasinghe
3	Importance of anatomical delineation in the prevention, early detection and management of bile duct injury following cholecystectomy · Ref ID 2224	Chandramauli Kumar
4	Laparoscopic management of giant subcapsular hepatic hydatid cyst a safe anti spillage approach · Ref ID 2225	Vedant Vijayrao Ghuge
5	Injurious use of gadgets as a source of bile duct injury · Ref ID 2228	Abantika Debnath
6	Laparoscopic spleen preserving distal pancreatectomy (kimura) · Ref ID 2229	Podduturi Lathaswi Reddy
7	Laparoscopic cholecystectomy in a case of situs inversus totalis: technical difficulties and their remedies · Ref ID 2251	Shyam Lal
8	Laparoscopic spleen-preserving distal pancreatectomy with Roux-en-Y pancreatico-jejunostomy for idiopathic gross pancreatic duct dilatation with exocrine insufficiency in association with neurofibromatosis Type 1 · Ref ID 2276	Velvizhi Raveendran
9	Laparoscopic biliary bypass for bile duct stricture · Ref ID 2285	Anirban Banerjee
10	Laparoscopic Roux-en-y hepaticojejunostomy following accidental PTBD drain pullout for Strasberg E3 biliary duct injury · Ref ID 2292	Vikas Singh

E-POSTER · FF-1

Hernia session

11:00 – 12:00

Day 1 · 27 August · Free E-Poster Presentations · 5 minutes each

CHAIRS · Amit Kumar Ray, Kushankur Guha, Anuj Poddar

1	Hidden since birth : laparoscopic repair of congenital diaphragmatic hernia in adults · Ref ID 2070	Pushpal Prasoon
2	Unexpected type 2 Amyand's hernia during TAPP: single-stage bilateral repair with same-port appendectomy · Ref ID 2205	Kunal Banerjee
3	The divergent clinical spectrum of diaphragmatic herniation : a comparative series chronic adult congenital Bochdalek hernia and acute pediatric traumatic rupture · Ref ID 2232	Sangamesh S Kumasagi
4	Port placement in IPOM plus ventral hernia repair: rationale and technical considerations · Ref ID 2327	Muhammad Ibrahim Alhadi Edoo
5	Laparoscopic e TEP repair a single way solution in female inguinal hernia · Ref ID 2354	Shaishav Patel
6	Restoring domain in large ventral hernias with LOD >50% by peritoneal flap technique · Ref ID 2495	Sandeep Randhi
7	Laparoscopic ventral transabdominal preperitoneal repair for incisional hernia following Meleney's gangrene after Cesarean section: a challenging case of abdominal wall reconstruction by minimally invasive approach · Ref ID 2494	Soumith Reddy Pingili
8	A technique of mesh positioning using single central needle placement: a feasibility study · Ref ID 2152	Prachi Mittal
9	What's in the sac · Ref ID 2400	Antareepa Rana

E-POSTER · FF-1

GI, Endo, Uro session

12:00 – 13:00

Day 1 · 27 August · Free E-Poster Presentations · 5 minutes each

CHAIRS · Pranab Kumar Mondal, Ronit Roy, Nirmal Saha

1	Heller myotomy with floppy Nissen fundoplication in Achalasia Cardia · Ref ID 2297	Bidu Bhushan
2	Advanced Achalasia Cardia presenting with aspiration bronchiolitis: Laparoscopic Heller myotomy with Dor fundoplication · Ref ID 2361	Aishwarya Prashant Sule
3	Laparoscopic total proctocolectomy with ileal pouch- anal anastomosis for polyposis coli: an institutional experience · Ref ID 2311	Abhrodita Sinha
4	Laparoscopic management of low grade appendiceal mucinous neoplasm (LAMN) presenting as appendicular mucocele · Ref ID 2320	Naman M Shetty
5	Comparison of laser treatment and flap reconstruction in the management of pilonidal sinus: a prospective study · Ref ID 2466	Aneek Kumar Roy
6	Robotic left radical hemicolectomy for splenic flexure adenocarcinoma in a young adult: technical considerations and oncologic outcomes · Ref ID 2338	Nageshwaran
7	Nephron-sparing success: a case of laparoscopic partial nephrectomy for localized RCC · Ref ID 2367	Baivabi Ray
8	Axilla-breast approach (ABA) for thyroid surgery · Ref ID 2335	Sidhant Kumar Sahu
9	Robotic-assisted excision of a duodenal polyp guided by preoperative endoscopic tattooing: a case report · Ref ID 2150	Tania Dey
10	Minimal access mastectomy: a prospective evaluation of feasibility, safety, and cosmetic outcomes · Ref ID 2154	Kreetii Shubh

PAPER · FF-2 Hernia session 1

12:30 – 14:10

Day 1 · 27 August · Free Paper Presentations · 8 minutes each

CHAIRS · Shakil Jawed, Sibajyoti Ghosh, Somdutta Lahiri

1	Expanding the horizons of minimally invasive ventral hernia repair: our early experience with laparoscopic Pe-TEP (preperitoneal enhanced-view totally extraperitoneal) repair · Ref ID 2093	**Amitabha Das**
2	Restoring the midline: comparative outcomes of IPOM versus ETEP-RS with TAR in ventral hernia repair · Ref ID 2140	**Harsha MP**
3	Single-stage e-TEP repair for multiple primary abdominal wall hernias: a case report · Ref ID 2159	**Jeffny Maria J**
4	Comparison of n-butyl cyanoacrylate glue and suture mesh fixation in laparoscopic enhanced view totally extraperitoneal inguinal hernia repair · Ref ID 2173	**Ankit Kumar**
5	Concomitant clean and clean contaminated abdominal surgeries: a retrospective cohort study · Ref ID 2207	**Saniya Palkar**
6	Feasibility, safety, and learning curve of laparoscopic TAPP inguinal hernia repair during the implementation of a new surgical service in a Tier-2 teaching hospital · Ref ID 2238	**Sangamesh S Kumasagi**
7	Redo laparoscopic TAR with ileal conduit relocation for giant recurrent parastomal hernia following failed slit-mesh IPOM repair: a complex multidisciplinary approach · Ref ID 2269	**Vagisha Shrivastava**
8	Comparison of trans abdominal pre-peritoneal (TAPP) and enhanced view totally extraperitoneal Rives Stoppa (e-TEP RS) repair for primary umbilical and para umbilical hernia – a randomized controlled study · Ref ID 2312	**Rakshita**
9	A comparative study between tacker mesh fixation and suture mesh fixation in laparoscopic ventral hernia repair · Ref ID 2333	**Bidu Bhushan**
10	Comparison of outcomes after laparoscopic intraperitoneal onlay mesh plus repair versus transabdominal pre peritoneal mesh plus repair for patients with primary ventral hernia: a randomized controlled trial · Ref ID 2391	**Devender Singh**

VIDEO · FF-3

HPB 2

12:30 – 14:10

Day 1 · 27 August · Free Video Presentations · 10 minutes each

CHAIRS · Bitan Kumar Chattopadhyay, Suprya Ghatak, Md Abdur Rahman

1	Laparoscopic Cystogastrostomy for Pancreatic Pseudocyst: A safe and effective minimally invasive approach · Ref ID 2534	Akhilesh Patel
2	Laparoscopic cholecystectomy in situs inversus · Ref ID 2330	Abhijeet Jena
3	Laparoscopic Roux-en-y hepaticojejunostomy for type V benign biliary stricture: a standardised approach to triple-duct reconstruction · Ref ID 2337	Basant Narayan Singh
4	Laparoscopic type 1a choledochal cyst excision with Roux -en-y hepaticojejunostomy · Ref ID 2420	Kunal Deepak Agade
5	SMV-guided artery-first total laparoscopic pancreaticoduodenectomy: a strategy for precise superior mesenteric artery exposure and uncinate process dissection · Ref ID 2374	Basant Narayan Singh
6	Laparoscopic pancreatic necrosectomy and cystogastrostomy for walled-off pancreatic necrosis · Ref ID 2419	Chandrasekar Murugesan
7	Laparoscopic management of ruptured hydatid cyst of liver with excision of encapsulating peritoneal fibrosclerosing membrane and omentectomy: a rare case report · Ref ID 2431	Arya Madke
8	A challenge within a challenge: laparoscopic pancreaticoduodenectomy with laparoscopic repair of right hepatic artery injury · Ref ID 2515	Rajiv Kannan
9	Lap Cholecystectomy – How "NOT" to do it!! · Ref ID 2518	Priyadarshan Anand Jategaonkar
10	Laparoscopic surgical management of insulinoma:a case series of rare neuroendocrine tumor · Ref ID 2087	Supriya Saxena

E-POSTER · FF-1

Non-MIS

13:00 – 14:00

Day 1 · 27 August · Free E-Poster Presentations · 5 minutes each

CHAIRS · Krishna Kumar Kanjilal, Shailaja Gupta, Partha Sarathi Kanjilal

1	A diagnostic trap: carcinoma breast masquerading as phyllodes tumour · Ref ID 2081	Pritha Nandy
2	A case report of sacrococcygeal teratoma in a neonate · Ref ID 2090	Aishee Mallick
3	Urethral reconstruction using buccal mucosal graft after Fournier's gangrene with severe perineal infection: a case report · Ref ID 2106	Aishee Mallick
4	Surviving the strike: penetrating thoracic injury with retained metallic object · Ref ID 2206	Asif Khan
5	A unique case of jejunal volvulus · Ref ID 2240	Kaustabh Mondal
6	Neuroendocrine tumour presenting as rectosigmoid growth- a rare case report · Ref ID 2267	Abhay Kumar
7	When appearance reveals pathology: surgical management of acromegaly caused by a growth hormone secreting pituitary macroadenoma via a trans-nasal trans-sphenoidal approach · Ref ID 2362	Gangisetty Venkata Krishna Vinay
8	A diagnostic dilemma: caecal mass presenting as acute abdomen · Ref ID 2428	Ankhi Chakraborty
9	Adult intestinal malrotation presenting as intestinal obstruction due to Ladd's bands: a rare surgical encounter · Ref ID 2430	Mohsin Ahmed
10	Isolated unilateral adrenal tuberculosis mimicking a cystic adrenal neoplasm: A rare diagnostic challenge · Ref ID 2482	Aboli Patil

E-POSTER · FF-1

Mixed / Non-MIS

14:00 – 15:00

Day 1 · 27 August · Free E-Poster Presentations · 5 minutes each

CHAIRS · Rakesh Khan, Arkoprovo Roy, Rajat Bhattacharya

1	Robotic repair of a giant right traumatic anteromedial diaphragmatic hernia with herniation of multiple abdominal viscera: a poster presentation · Ref ID 2484	Sanket Kevadiya
2	Persistent gallbladder stump leak following fundus-first subtotal laparoscopic cholecystectomy despite endoscopic biliary decompression: a case report · Ref ID 2349	Vasanthan V
3	Computational simulation of mesh–tissue mechanics in hernia repair: a python- based model for predicting recurrence risk · Ref ID 2078	T. Naveen Keerthi
4	Painless penetration: a study on local application of bupivacaine during port closure in laparoscopic surgeries · Ref ID 2323	Ankita Bhowal
5	Surgical management of ileocaecal junction stricture in a case of abdominal Koch's: a case report · Ref ID 2132	Suryatapa Chakraborty
6	Scrofulous swelling of the bosom: a rare presentation · Ref ID 2244	Sandeep Sarkar
7	Filariasis masquerading as a soft tissue tumour · Ref ID 2246	Umang Gupta
8	One man, two breasts, two cancers : an oncological puzzle unfolded · Ref ID 2255	Debjani Datta
9	Multitissue reconstruction of a complex volar wrist laceration secondary to glass injury: a case report · Ref ID 2270	Sneha Sunkara

PAPER · FF-2 Upper GI session

14:15 – 15:55

Day 1 · 27 August · Free Paper Presentations · 8 minutes each

CHAIRS · T K Sardar, Tamal Kanti Sengupta, Sandip Ghosh

1	Decision making in tailored laparoscopic fundoplication strategies for complex foregut disorders: lessons from three distinct clinical scenarios · Ref ID 2316	Vaidehi Uparkar
2	Anchoring the fundoplication: role of superior diaphragmatic hitch in laparoscopic anti-reflux surgery · Ref ID 2345	Kunwar Adeeb Khan
3	Hiatus hernia – current status, our experience of last 12 yrs. from single centre and review of literature · Ref ID 2408	Rajesh Sinha
4	Burnt but not broken- laparoscopic reconstruction for corrosive gastrointestinal strictures, a single centre experience · Ref ID 2471	Velvizhi Raveendran
5	Surgical treatment for Achalasia Cardia: experience from a tertiary care centre in Sri Lanka. · Ref ID 2118	Chathuranga Keppetiyagama
6	Audit of video-assisted thoracoscopic esophagectomy in a tertiary care teaching hospital: experience from 12 cases · Ref ID 2151	Tania Dey
7	Laparoscopic gastrectomy: a single-centre outcome analysis · Ref ID 2153	Prachi Mittal
8	Minimally invasive approach to superior mesenteric artery (SMA) syndrome: outcomes of laparoscopic duodenojejunostomy: a tertiary care centre experience in eastern India · Ref ID 2359	Swamy Rajesh Hudugur
9	Beyond Laparoscopy: The emerging role of robotic fundoplication · Ref ID 2522	Farhan Mohsin
10	Unmasking the hidden culprit: a rare case of FGF23 secreting mandibular tumor · Ref ID 2378	Dyutipravo Bhowmik

VIDEO · FF-3 Robotic Surgery

14:15 – 15:55

Day 1 · 27 August · Free Video Presentations · 10 minutes each

CHAIRS · Sandip Kumar Ghosh, Sajib Chatterjee, Manas Kumar Gumta

1	Evolving techniques in low rectal cancer: robotic intersphincteric resection with transanal transection and single-stapling technique · Ref ID 2098	Vivekananth Subramaniam
2	Robotic ETEP RS repair for ventral hernia with diastasis recti: technical pearls · Ref ID 2171	Sumanta Dey
3	Robotic transgastric Gastrointestinal stromal tumour excision · Ref ID 2172	Alan Joseph
4	Robot assisted esophagojejunostomy: a novel 'serpentine grasp' anastomosis · Ref ID 2180	Arnab Chakraborty
5	Robotic Ivor Lewis esophagogastrectomy · Ref ID 2257	Vishnu Prasad. N.R.
6	Robotic extramesorectal excision of low rectal cancer · Ref ID 2282	Usha Gautam Mehta
7	Robotic radical total mesoesophagectomy and enbloc total mediastinal lymph node dissection using Hugo™ RAS system · Ref ID 2305	Naveena AN Kumar
8	Robotic s3 down sacrectomy · Ref ID 2283	Usha Gautam Mehta
9	Robotic lateral pelvic lymph node dissection for rectal cancer using Hugo RAS system · Ref ID 2306	Naveena AN Kumar
10	Robotic enucleation of leiomyoma of thoracic esophagus · Ref ID 2348	Nageshwaran

E-POSTER · FF-1

Non-MIS

15:00 onwards

Day 1 · 27 August · Free E-Poster Presentations · 5 minutes each

CHAIRS · Rakesh Khan, Arkoprovo Roy, Rajat Bhattacharya

1	Paraganglioma presenting as a cause of intestinal obstruction · Ref ID 2353	Priyal Prasad
2	Pelvic myiasis in an immunocompetent young female: a rare case report and review of literature · Ref ID 2379	Gopal Vijay Kumar Koulagi
3	Microsurgical reconstruction of the breast using a deep inferior epigastric perforator (diep) free flap following oncologic resection · Ref ID 2451	Sriram Annasamudram
4	Gracilis flap- an attempt in restoring quality of life in a patient with non functional anal sphincter · Ref ID 2452	Sriram Annasamudram
5	A case report of acral melanoma · Ref ID 2481	Subinoy K Mistry
6	Navigating the terrain and unraveling the spectrum: surgical insights from a case series of seven distinct gastrointestinal stromal tumor cases	Manojit Sarkar

PAPER · FF-2

Miscellaneous session 1

16:00 – 17:40

Day 1 · 27 August · Free Paper Presentations · 8 minutes each

CHAIRS · Tapan Kumar Jana, Suvro Ganguly, Kuntal Bhaumik

1	Transaxillary endoscopic thyroidectomy versus conventional open thyroidectomy: a prospective pilot comparative study of perioperative outcomes, cosmetic satisfaction, pathological specimen integrity, complications, and cost at a tertiary care centre · Ref ID 2491	Pallavi Gautam
2	Laparoscopic Completion Cholecystectomy for Stump Cholecystitis: A Prospective Observational 3-Years Study from a Tertiary Care Hospital in Eastern India · Ref ID 2047	Manojit Sarkar
3	Occult lower pole crossing vessels in adult ureteropelvic junction obstruction: lessons from our experience with laparoscopic Anderson-Hynes pyeloplasty · Ref ID 2485	Manas Sharma
4	Endoscopic lateral neck dissection versus conventional open lateral neck dissection in papillary thyroid carcinoma: a prospective comparative study of surgical, functional, oncological and cosmetic outcomes from a tertiary care centre · Ref ID 2497	Saurav
5	Laparoscopic bilateral ureteroureterostomy for bilateral complete duplex system in a pediatric patient: a case report · Ref ID 2492	Rohit Lal
6	Laparoscopic versus open varicocelectomy: a prospective comparative observational study · Ref ID 2501	Rajanya Prajapati
7	A prospective and retrospective observational study on residual gallbladder stones after cholecystectomy · Ref ID 2048	Manojit Sarkar
8	Clinical outcomes of SEPS with Trendelenburg procedure in varicose veins: a retrospective study. · Ref ID 2462	Rakesh Kumar
9	Hugo™ ras system in the field of surgical oncology: feasibility, safety, and early oncological outcomes · Ref ID 2315	Ananthakrishnan Balakrishnan
10	Impact of inguinal hernia repair on LUTS	Naveen Maurya
11	The RIF Conundrum	Debjani Halder

VIDEO · FF-3 General Surgery

16:00 – 17:40

Day 1 · 27 August · Free Video Presentations · 10 minutes each

CHAIRS · Jishnu Sankar Roy Basunia, Biswajoy Roy, Pranab Kumar Mondal

1	Total laparoscopic excision of a giant mesenteric cyst arising from the gastrocolic omentum within the lesser sac: a case report · Ref ID 2136	Duminda Subasinghe
2	Laparoscopic excision of an intraperitoneal foreign body (chicken bone) granuloma · Ref ID 2200	Titiksha Tripathy
3	Laparoscopic resection of Meckel's diverticulum · Ref ID 2265	Anurag Chaudhuri
4	Laparoscopic enucleation of chylolymphatic mesenteric cyst · Ref ID 2404	Ashesh Kumar Jha
5	Median arcuate ligament syndrome · Ref ID 2412	Arunjeet KK
6	Laparoscopic excision of retroperitoneal tumour with basic suction dissection technique · Ref ID 2421	Ashrit Shrikant Rale
7	Diaphragmatic hydatid cyst: A diagnostic and approach dilemma · Ref ID 2473	Sphurti Jha
8	Tackling a giant retroperitoneal tumor: laparoscopic success · Ref ID 2072	Nikhil Jain
9	Laparoscopic assisted excision of IVC leiomyosarcoma · Ref ID 2442	Agam Goel
10	Thoracoscopic rescue of broken bones: mediastinal parathyroid adenoma · Ref ID 2146	Rakshita

PAPER · FF-2 General Surgery session

09:00 – 10:40

Day 2 · 28 August · Free Paper Presentations · 8 minutes each

CHAIRS · Suhas Das, Asis Rajan Saha, Asif Ayaz

1	Sutureless laparoscopic appendectomy: bipolar Maryland versus endoloop technique- a randomized controlled trial · Ref ID 2156	Gaurav Mishra
2	Case report: synchronous appendicitis and gall bladder perforation in adolescent · Ref ID 2185	Gunalan N
3	Optimizing ergonomics in minimal access surgery: impact of port geometry and instrument length on laparoscopic suturing performance · Ref ID 2212	Soniya Roy
4	Gasless single port laparoscopic appendicectomy at a tertiary care centre · Ref ID 2321	Raghu KR
5	Comparative effectiveness and safety of Hem-o-Lok® clips versus endo loops for appendicular stump closure in laparoscopic appendectomy: a study in a tertiary care center in eastern Uttar Pradesh · Ref ID 2288	Shahnawaz Chowdhary
6	Training the eye behind the scope: a randomized controlled study on laparoscopic camera navigation using box trainers · Ref ID 2216	Soniya Roy
7	Virtual reality assisted laparoscopic surgery at a tertiary care centre · Ref ID 2322	Raghu KR
8	Study of angle of manipulation in laparoscopic cholecystectomy: a prospective observational study · Ref ID 2489	Vagisha Shrivastava
9	Role of laparoscopic appendicectomy to relieve idiopathic recurrent or chronic right iliac fossa pain: a prospective study · Ref ID 2493	Pradeep Rathore
10	Evaluating the role of pneumoperitoneum in surgical stress response: a randomized controlled trial · Ref ID 2526	Zaira Sufyan

VIDEO · FF-3 Hernia 1

09:00 – 10:40

Day 2 · 28 August · Free Video Presentations · 10 minutes each

CHAIRS · Sabyasachi Bakshi, Partha Sarathi Ghosh, Samir Mukherjee

1	Subcostal hernia: Carolina crossover · Ref ID 2143	Aaina Aggarwal
2	ETEP-RS (extended totally extraperitoneal Rives-Stoppa repair) for ventral hernia · Ref ID 2166	Mukade Kirankumar Prakashrao
3	The Lost Plane - sequential conversion strategy in difficult inguinal hernia repair TEP to TAPP to Open mesh repair · Ref ID 2204	Pulkit Gupta
4	Peter repair for umbilical and left inguinal hernia · Ref ID 2234	Kehkasha
5	Laparoscopic transabdominal preperitoneal inguinal hernia repair · Ref ID 2239	Radhika Vijay Kediya
6	Laparoscopic herniotomy · Ref ID 2247	Devansh Sharma
7	Progressive pneumoperitoneum and enhanced-view totally extraperitoneal (E-TEP) inguinal hernia repair following preoperative botulinum toxin injection for large bilateral inguino-scrotal hernia with loss of domain · Ref ID 2275	Velvizhi Raveendran
8	TAPP repair for recurrent inguinal hernia following previous laparoscopic TEP hernia repair: technical considerations and surgical strategy · Ref ID 2293	Pratyay Amrit
9	Laparoscopic transabdominal preperitoneal (TAPP) repair of ipsilateral direct inguinal bladder hernia in a 60-year-old kidney transplant recipient · Ref ID 2294	Addala Kumar
10	ETEP repair in a case of recurrent incisional hernia with meshplasty · Ref ID 2302	Shaunak Chimote

PAPER · FF-2 Non MIS

10:45 – 12:25

Day 2 · 28 August · Free Paper Presentations · 8 minutes each

CHAIRS · Debashis Mukherjee, Biswajay Roy, Sudeb Saha

1	From scar to strength - unravelling open surgical techniques of incisional hernias: a two year prospective observational study · Ref ID 2046	Manojit Sarkar
2	Intra-abdominal pressure measurement as a predictor of postoperative wound complications in emergency laparotomy: a prospective observational study · Ref ID 2083	Hrithiwish Halder
3	Appendiceal mucocele: a rare surgical entity and diagnostic challenge · Ref ID 2192	Asif Khan
4	Comparative evaluation of early versus delayed appendectomy in complicated appendicitis · Ref ID 2502	Pradeep Rathore
5	Giant phyllodes tumor: an experience of ten cases · Ref ID 2202	Asif Khan
6	A prospective observational study for the relationship between Helicobacter pylori (H pylori) and symptomatic gall stone disease · Ref ID 2281	Shahnawaz Chowdhary
7	Comparative analysis of the recent advances in the treatment of Fourniers' gangrene and predictor of mortality: a literature review · Ref ID 2469	Sayantan Saha
8	Clinical profile, diagnosis, and surgical outcomes of tuberculous perianal fistula: a prospective observational study · Ref ID 2470	Shayan Hashmi
9	Iatrogenic domino effect: open reconstructive salvage following sequential endourological and percutaneous enteric perforations. · Ref ID 2498	Manas Sharma
10	CRS ± HIPEC in a resource-constrained setting: an early real-world audit of operative complexity, completeness of cytoreduction and short-term safety · Ref ID 2509	Radha Raman Mondal

VIDEO · FF-3 Hernia 2

10:45 – 12:25

Day 2 · 28 August · Free Video Presentations · 10 minutes each

CHAIRS · Bikash Ghosh, Mala Mistri, Bikramjit Maity

1	Bochdalek hernia - a case report · Ref ID 2343	Praveen Kumar Jammula
2	Hybrid technique for large lateral incisional hernia · Ref ID 2351	Shaishav Patel
3	SCOLA, subcutaneous onlay laparoscopic approach for umbilical hernia and divarication of recti · Ref ID 2422	Ashrit Shrikant Rale
4	A complex case of right paraduodenal hernia, gastric outlet obstruction and CCP managed by laparoscopic approach · Ref ID 2424	Amitabha Das
5	Laparoscopic TAPP Repair for missed femoral hernia following previous open inguinal hernioplasty in a patient with history of Cesarean section: a video case report · Ref ID 2441	Kunal Deepak Agade
6	Laparoscopic approaches in paediatric hernia and hydrocele · Ref ID 2450	Abuhuraira Bhuyan
7	Laparoscopic eTEP RS B/L TAR for complex large incisional hernia M3M4M5/W3 with Loss of domain after APR with permanent colostomy in situ · Ref ID 2472	Sphurti Jha
8	Laparoscopic transabdominal preperitoneal repair of lumbar hernia (superior triangle of Grynfellt- Lesshaft) -a familiar procedure for a rare hernia . · Ref ID 2488	Pratibha Palai
9	Traumatic diaphragmatic hernia: unforeseen challenges · Ref ID 2504	Vivek Srivastava
10	Tension-Free posterior rectus sheath closure augmented by posterior sac preservation in ETEP-RS: tips, tricks, and video demonstration · Ref ID 2514	Rajiv Kannan

PAPER · FF-2

Hernia session 2

12:30 – 14:10

Day 2 · 28 August · Free Paper Presentations · 8 minutes each

CHAIRS · Dipankar Bhattacharya, Dhrubajyoti Dey, Dipak Ghosh

1	Obesity and hernia: different surgical approaches for ventral hernia repair in BMI > 35 · Ref ID 2350	Shaishav Patel
2	Extended totally extraperitoneal rives-stoppa repair (ETEP-RS) — our initial experience and comparison with IPOM plus for ventral hernia repair · Ref ID 2352	Anin Aniyan
3	A decade of silence: delayed mesh infection after laparoscopic hernia repair: a case series of three patients highlighting the challenges of late presentation and surgical management · Ref ID 2410	Parth Barve
4	Predictors of seroma and surgical site occurrence after laparoscopic intraperitoneal onlay mesh (IPOM) repair: a case-control study in a tertiary care centre in eastern Uttar Pradesh · Ref ID 2468	Sayantan Saha
5	Managing minimally invasive hernia failures: the feasibility and safety of redo laparoscopic groin repair · Ref ID 2513	Rajiv Kannan
6	Robotic inguinal hernia repair · Ref ID 2219	Amaravani Medithe
7	A randomised controlled study to compare the extended view totally extraperitoneal (ETEP) and transabdominal pre-peritoneal (TAPP) in terms of early post-operative complications in groin hernia · Ref ID 2108	Srishti Bishnoi
8	A newer method of seroma reduction by fenestration of pseudo-sac during laparoscopic repair of direct inguinal hernia · Ref ID 2163	Mahendra Lodha
9	Assessment of quality of life after laparoscopic ventral hernia repair using the Carolina's comfort scale · Ref ID 2273	Arnesh Agrawal
10	Etep inguinal - how we do it · Ref ID 2360	Pravish Rai Sookha
11	Chronic Groin Pain and Early Complications Following Laparoscopic Inguinal Hernia Repair: A Prospective Comparative Study of Tacker versus Atraumatic (Fibrin Glue) Mesh Fixation	Tushar Varshney

VIDEO · FF-3

Upper GI 1

12:30 – 14:10

Day 2 · 28 August · Free Video Presentations · 10 minutes each

CHAIRS · Sumit Sanyal, Sukumar Maity, Samindranath Basak

1	Stepwise approach of laparoscopic en-bloc subtotal gastrectomy with D2 lymphadenectomy status · Ref ID 2164	Chandrasekar Murugesan
2	Laparoscopic transgastric excision of GIST · Ref ID 2179	Vajrang Akula
3	Looking in the mirror - laparoscopic D2 gastrectomy in situs inversus totalis · Ref ID 2215	Rishabh Agarwalla
4	Laparoscopic transgastric oesophagogastroplasty for end stage Achalasia Cardia · Ref ID 2198	Vajrang Akula
5	Laparoscopic Toupet fundoplication with Porsha flap · Ref ID 2217	Saniya Palkar
6	Epiphrenic diverticulum presenting as Achalasia secondary to peptic stricture · Ref ID 2252	Atharva Shinde
7	Laparoscopic mesh-reinforced repair of giant paraesophageal hernia: technical challenges and surgical nuances · Ref ID 2324	Mridul Tantia
8	Laparoscopic management of lower esophageal, gastroesophageal junction and fundus perforations occured during laparoscopic fundoplication and cardiomyotomy surgeries. · Ref ID 2411	Nitin Baste
9	Refractory benign esophageal stricture persisting since childhood: a rare case managed by minimally invasive esophagectomy with gastric conduit · Ref ID 2346	Kunwar Adeeb Khan
10	Thoraco-laparoscopic McKeown esophagectomy for squamous cell carcinoma of the esophagus: a step-by-step video demonstration · Ref ID 2407	Sumanta Dey

PAPER · FF-2

Hepatobiliary session

14:15 – 15:55

Day 2 · 28 August · Free Paper Presentations · 8 minutes each

CHAIRS · Manas Gumta, Umesh Bezawada, Suryashis Sengupta

1	Comparative analysis of early outcomes in laparoscopic versus open surgery for chronic pancreatitis: a retrospective study · Ref ID 2054	**Prateek Bansal**
2	A prospective study comparing laparoscopic continuous and interrupted hepaticojejunostomy · Ref ID 2103	**Supriya Saxena**
3	Laparoscopic anatomical resection of segment 8 with an intrahepatic Glissonean approach using intercostal trocars. · Ref ID 2112	**Tatsuki Endo**
4	Laparoscopic Longitudinal Pancreaticojejunostomy for Chronic Calcific Pancreatitis: A Case Report · Ref ID 2528	**Mihir Jain**
5	Rebuilding the biliary tree with laparoscopic Roux-en-Y hepaticojejunostomy with cholecystectomy after excising type 1 choledochal cyst in a 13yr old female · Ref ID 2529	**Mahagundayya Vastrad**
6	Common bile duct pathology — scope of laparoscopy illustrated case series analysis · Ref ID 2268	**Gopal D Gadade**
7	Laparoscopic Choledocho-Duodenostomy · Ref ID 2435	**Rishik Prasad Choudhary**
8	Ectopic liver in laparoscopic cholecystectomy - three cases with management · Ref ID 2459	**Tanmaya Panda**
9	Retained Dormia basket in CBD during ERCP- a case presentation · Ref ID 2357	**Pravish Rai Sookha**
10	Completion cholecystectomy for remnant gallbladder stones: a tertiary-centre experience · Ref ID 2157	**Mohammed Motiwala**

VIDEO · FF-3 Upper GI 2

14:15 – 15:55

Day 2 · 28 August · Free Video Presentations · 10 minutes each

CHAIRS · Manoranjan Kar, Malay Kumar Barman, Asim Basu

1	Uninvited guests: laparoscopic restoration of thoracic domain in a giant type IV hiatal hernia · Ref ID 2413	Chinnu Philip
2	Laparothoracoscopic two field Ivor Lewis esophagectomy with mediastinal lymph node dissection with hand sewn esophago-gastrostomy. · Ref ID 2416	Nitin Baste
3	Laparoscopic truncal vagotomy with gastrojejunostomy · Ref ID 2433	Rajat Bhattacharya
4	Hellers myotomy with Dor fundoplication · Ref ID 2467	Shivanshu Agrawal
5	Laparoscopic removal of a giant gastric trichobezoar in an adult female with underlying neurodevelopmental impairment · Ref ID 2487	Mohammed Rinshad P P
6	Laparoscopic Nissen's Fundoplication– a step-by-step approach to achieve an effective wrap geometry · Ref ID 2532	Priyadarshan Anand Jategaonkar
7	Laparoscopic median arcuate ligament release for median arcuate ligament syndrome · Ref ID 2533	Pooja Unadkat
8	Fluoresence guided crisis management -ICG guided bleeding duodenal tumour excision · Ref ID 2165	Kedar Patil
9	Laparoscopic management of giant type 4 paraesophageal hernia with intrathoracic stomach · Ref ID 2438	Devender Singh
10	Technical refinement of wide semi-mechanical v-shaped esophagojejunostomy in laparoscopic total gastrectomy for gastroesophageal junctional tumors · Ref ID 2168	Bijit Saha

PAPER · FF-2 Solid organs

16:00 – 17:40

Day 2 · 28 August · Free Paper Presentations · 8 minutes each

CHAIRS · Subhashis Saha, Srija Basu, Rajat Bhattacharya

1	Is spleen preservation worth the effort? a comparative study of laparoscopic distal pancreatectomy with vs without splenectomy · Ref ID 2094	Amitabha Das
2	A prospective comparative non-randomized study to evaluate feasibility and surgical outcomes between robotic surgery, minimally invasive laparoscopic surgery, and open surgery in pancreatic diseases · Ref ID 2182	Nutan Ambekar
3	A prospective cohort study to assess the short-term outcomes of patients undergoing laparoscopic common bile duct exploration · Ref ID 2463	Agam Goel
4	Giant symptomatic simple biliary cyst with elevated CA 19-9: a diagnostic mimic of hepatobiliary malignancy · Ref ID 2523	Meenakshi Yeola
5	The evolving spectrum of hydatid surgery: open, laparoscopic and robotic – challenges and outcomes: a comparative case series · Ref ID 2525	Namrata Barak
6	From challenge to standard practice: evaluating the safety and feasibility of laparoscopic splenectomy - a prospective study from a tertiary care center · Ref ID 2194	Arul Prakash V
7	Video assisted splenic necrosum drainage in a case of splenic abscess · Ref ID 2223	P Suraj Kumar
8	A clinicopathological study of acute intestinal obstruction with utility of serum lactate and crp in its management. · Ref ID 2158	Sneha Sunkara
9	Dynamic mathematical modeling of glucose–hormonal interactions following bariatric surgery: a novel systems approach to predict metabolic remission · Ref ID 2077	T. Naveen Keerthi
10	Adenocarcinoma arising at a colostomy site in a patient with prior rectal cancer · Ref ID 2053	Ranjan Mallawa Arachchi

VIDEO · FF-3

Colorectal 1

16:00 – 17:40

Day 2 · 28 August · Free Video Presentations · 10 minutes each

CHAIRS · Pranab Kumar Mondal, Pankaj Surana, Sibajyoti Ghosh

1	Laparoscopic rectopexy in a difficult pelvis: challenges in a case of complete rectal prolapse with pelvic inflammatory disease · Ref ID 2134	**Bobby Singh Yadav**
2	Sub hepatic appendicectomy in a case of lost appendix · Ref ID 2199	**Ashis Gain**
3	Difficult appendectomy — a video presentation · Ref ID 2214	**Asif Khan**
4	Mastering laparoscopic right hemicolectomy: embryological plane dissection, CME-CVL, and intracorporeal anastomosis · Ref ID 2230	**Kunal Banerjee**
5	Intra-op manoeuvres in rectovaginal fistula repair · Ref ID 2253	**Atharva Shinde**
6	Laparoscopic suture rectopexy for rectal prolapse · Ref ID 2286	**Anirban Banerjee**
7	Refractory solitary rectal ulcer syndrome: ultra-low anterior resection– a surgical video presentation · Ref ID 2287	**Lohitashva Goyal**
8	TAMIS approach for closure of high intrarectal fistula opening: a novel technique · Ref ID 2296	**Addala Kumar**
9	Laparoscopic management of complicated appendicitis: a safe and effective minimally invasive approach · Ref ID 2347	**Sarthak Routray**
10	Laparoscopic ventral mesh rectopexy: step-by-step surgical technique for rectal prolapse · Ref ID 2356	**Rashmiranjan Sahoo**
11	Diagnostic Laparoscopy: Redefining the anatomy	**Saptarshi Banerjee**

PAPER · FF-2

Cholecystectomy session 2

09:00 – 10:40

Day 3 · 29 August · Free Paper Presentations · 8 minutes each

CHAIRS · Rudradeep Banerjee, Gautam Das, Srija Basu

1	Reporting and data systems for laparoscopic cholecystectomy with findings of a user adoption survey · Ref ID 2426	**Saquib Hossain**
2	Comparative study between harmonic scalpel and electrocautery in dissection of gall bladder bed in laparoscopic cholecystectomy · Ref ID 2055	**Anjani Goli**
3	Management of difficult gallbladder: a study of bail-out procedures during laparoscopic cholecystectomy · Ref ID 2073	**Shashank Shekhar**
4	Low-pressure pneumoperitoneum versus standard pressure pneumoperitoneum in patients undergoing laparoscopic cholecystectomy with deep neuromuscular blockade: a randomized non-inferiority trial · Ref ID 2089	**Birender Kumar Yadav**
5	Study of gall bladder wall thickness on pre-operative ultrasonography and its impact on outcomes in laparoscopic cholecystectomy · Ref ID 2095	**Rajesh Pandit**
6	Case report: Moynihan's hump (caterpillar hump): every laparoscopic surgeon should know · Ref ID 2104	**W Ajantha Kirthi Weerawardena**
7	A study on the effect of carbon dioxide pneumoperitoneum on the coagulation profile of patients undergoing laparoscopic cholecystectomy for chronic calculous cholecystitis · Ref ID 2126	**Soham Roy Chowdhury**
8	Harmonic scalpel: a reliable adjunct in laparoscopic cholecystectomy · Ref ID 2141	**Navneet Mishra**
9	A comparative study on hot cholecystectomy and interval cholecystectomy in cases of acute cholecystitis · Ref ID 2242	**Rahul Jaglan**
10	Reconceptualisation of empyema GB in the current laparoscopic era: a retrospective study of its safety and feasibility · Ref ID 2372	**Shayon Ghosh**

PAPER · FF-2 Colorectal session 2

10:40 – 12:20

Day 3 · 29 August · Free Paper Presentations · 8 minutes each

CHAIRS · Rajat Bhattacharya, Dipankar Bhattacharya, Bitan Kumar Chattopadhyay

1	Laparoscopic ventral mesh rectopexy for full-thickness rectal prolapse: a single-centre experience from eastern India · Ref ID 2101	Netrananda
2	Case report - atypical case of Crohn's disease presenting as acute abdomen which was mimicking acute appendicitis · Ref ID 2102	W Ajantha Kirthi Weerawardena
3	Is filac a better alternative for fistula in ano? a single unit experience in a tertiary care center · Ref ID 2111	Supun Suharsha Sooriyaarachchi
4	Preserving function without compromising cure: frailty-driven surgical decision-making in locally advanced geriatric colorectal cancer · Ref ID 2160	Y M K A Yapa
5	Outcomes of IRETA - initial retrocolic tunneling in laparoscopic right hemicoloectomy for right colonic cancers : a prospective study · Ref ID 2444	Swamy Rajesh Hudugur
6	Impact of an enhanced recovery after surgery (ERAS) pathway on outcomes in emergency laparoscopic appendectomy: A quality improvement audit · Ref ID 2250	Shubham Anilkumar Kamble
7	Endoscopic pilonidal sinus treatment (EPSIT) for primary pilonidal sinus disease: a retrospective case · Ref ID 2183	Manish Kumar Agrawal
8	Post operative outcomes after robotic ventral mesh rectopexy for rectal prolapse · Ref ID 2527	Somya Singh
9	Histological variation of colonic lesions in patients treated at a single surgery unit teaching hospital in Sri Lanka · Ref ID 2162	W Ajantha Kirthi Weerawardena
10	Comparison of Ripasa and Alvarado score in diagnosis of acute appendicitis in tertiary care hospital · Ref ID 2453	Sriram Annasamudram

VIDEO · FF-3 Colorectal 2, Thoracic, Robotic

09:00 – 10:40

Day 3 · 29 August · Free Video Presentations · 10 minutes each

CHAIRS · Umesh Bezawada, Amit Kumar Ray, Shakil Jawed

1	Laparoscopic rectopexy · Ref ID 2370	Dhananjay Chalak
2	Mastering Laparoscopic Sacro-colpopexy: A stepwise approach to gold-standard apical prolapse repair · Ref ID 2531	Gyan Ranjan Sendh
3	Laparoscopic management of adult colocolic intususception: a rare case · Ref ID 2402	Aboli Patil
4	Laparoscopic right hemicolectomy with D3 lymphadenectomy · Ref ID 2097	Rajesh Pandit
5	Robotic right hemicolectomy with intracorporeal anastomosis for ileocecal mass presenting with recurrent subacute intestinal obstruction · Ref ID 2066	Pradeep Shivsharan
6	Robotic Nissen fundoplication with concurrent stapled excision of an incidental lower esophageal diverticulum: managing the unexpected at the esophageal hiatus · Ref ID 2344	Kunwar Adeeb Khan
7	Robotic assisted mini gastric bypass (one anastomosis gastric bypass) · Ref ID 2446	Devansh Sharma
8	Thoracoscopic extraction of an impacted esophageal foreign body after failed endoscopic removal · Ref ID 2137	Shalu Gupta
9	Thoracoscopic radical total mesoesophagectomy and en bloc total mediastinal lymph node dissection in semi prone position · Ref ID 2303	Naveena AN Kumar
10	VATS - anterior mediastinal mass section · Ref ID 2398	Shivanshu Agrawal
11	Laparoscopic Ventral Mesh Rectopexy: A Stepwise Nerve-Sparing Technique	Bonhishikha Roy

PAPER · FF-2

Miscellaneous session 2

12:20 – 14:00

Day 3 · 29 August · Free Paper Presentations · 8 minutes each

CHAIRS · Sourav Majhi, Rajesh Barasia, Suryashis Sengupta

1	Review of pericholecystic adhesions in laparoscopic cholecystectomy · Ref ID 2458	Tanmaya Panda
2	Completion cholecystectomy for stump cholecystitis: surgical challenges and outcomes – a four-case series with review of contemporary evidence · Ref ID 2505	Gopal Vijayakumar Koulagi
3	Novel technique of diaphragmatic plication with staplers – outcomes of laparoscopic approach in the management of diaphragmatic eventration in adults · Ref ID 2364	Swamy Rajesh Hudugur
4	Comparison of short-term outcomes between dissection vs planned transection of the hernial sac in laparoscopic ETEP inguinal hernia repair: a double-blinded randomized control trial · Ref ID 2437	Uday Kumbhar
5	Previous port site infection with ventral hernia- laparoscopic management of hernia · Ref ID 2457	Tanmaya Panda
6	Minimally invasive, maximally efficient: lessons from 75 R-TAPP cases · Ref ID 2535	Komal Bharti
7	Personalizing minimally invasive chest wall reconstruction: triple-bar cross configuration in complex pectus excavatum · Ref ID 2445	Mohammed Motiwala
8	Ergonomic challenges and physical fatigue among surgeons in Sri Lankan operating theaters · Ref ID 2051	Achala Samarasinghe
9	Transitioning from tacit to explicit knowledge with 5 step protocol with innovative use of AI for illustration · Ref ID 2447	Temsula Alinger
10	Primary peritoneal Müllerian carcinoma presenting as isolated omental mass with benign ovaries: a diagnostic challenge · Ref ID 2524	Mohnish Kumar

VIDEO · FF-3

Robotic

10:45 – 12:25

Day 3 · 29 August · Free Video Presentations · 10 minutes each

CHAIRS · Sumanta Dey, Arkoprovo Roy, Kallol Kumar Roy

1	Robotic right adrenalectomy for a rare adrenal angiomyolipoma: a video presentation · Ref ID 2071	Prateek Bansal
2	Robotic Hellers cardiomyotomy with Dor fundoplication for sigmoid esophagus · Ref ID 2100	Netrananda
3	Robotic RYHJ for post cholecystectomy BBS (benign biliary stricture) type-2 · Ref ID 2147	Malhar Bambholia
4	Robotic-assisted type Ib choledochal cyst excision with Roux-en-Y hepaticojejunostomy in a 4-mm bile duct: a technical challenge · Ref ID 2176	Bijit Saha
5	Precision surgery for paraesophageal hernia with gastric volvulus: robotic approach with fundoplication and mesh augmentation · Ref ID 2254	Mohammed Motiwala
6	Robotic bilateral axillary breast approach (r-BABA) right hemi-thyroidectomy: how i do it? · Ref ID 2395	Uday Kumbhar
7	Robotic assisted median arcuate ligament release · Ref ID 2339	Somen Sanfui
8	Robotic Whipple in the era of precision surgery: mastering complex dissection and reconstruction · Ref ID 2260	Vimalakar Reddy Eppa
9	Fatty replacement of the pancreas in distal cholangiocarcinoma: robotic pancreaticoduodenectomy and reconstruction dilemma · Ref ID 2363	Ankit Anand
10	Robotic classical pancreaticoduodenectomy · Ref ID 2499	Abhimanyu Vatsa

PAPER · FF-2 Miscellaneous session 3

14:00 onwards

Day 3 · 29 August · Free Paper Presentations · 8 minutes each

CHAIRS · Sourav Majhi, Rajesh Barasia, Suryashis Sengupta

1	A novel nonlinear mathematical and biophysical model for optimization of pneumoperitoneum pressure in minimal access surgery using the ideal gas equation · Ref ID 2076	T. Naveen Keerthi
2	Geometric and computational optimization of internal instrument divergence in single-incision laparoscopic surgery · Ref ID 2079	T. Naveen Keerthi
3	Comparative outcomes of large versus small extradural hematomas: a tertiary care cohort of 146 patients · Ref ID 2128	Suryatapa Chakraborty

VIDEO · FF-3 Hernia 3

12:30 – 14:10

Day 3 · 29 August · Free Video Presentations · 10 minutes each

CHAIRS · Kushankur Guha, Ronit Roy, Partha Bhar

1	Laparoscopic TAPP for ventral hernias - tips and tricks · Ref ID 2061	Jayadatta Pawar
2	Laparoscopic management of diaphragmatic hernias - a single centre experience. · Ref ID 2249	Vikas Lal
3	Mesh erosion into urinary bladder - laparoscopic management · Ref ID 2375	Rajendra Mandia
4	Massive delayed right-sided traumatic diaphragmatic hernia with intrathoracic liver · Ref ID 2392	Devender Singh
5	Laparoscopic transabdominal preperitoneal repair of a lumbar hernia: technical nuances in a rare posterolateral abdominal wall defect · Ref ID 2454	Abhijeet Raghatate
6	Preperitoneal e-TEP for incisional hernias · Ref ID 2477	Ramji Khetri
7	Robotic repair of a giant right traumatic anteromedial diaphragmatic hernia with herniation of multiple abdominal viscera: a video case presentation · Ref ID 2483	Sanket Kevadiya
8	Robotic TAPP repair for a multiply recurrent inguinal hernia following four previous repairs: redefining the surgical strategy in the reoperative groin · Ref ID 2500	Pingili Soumith Reddy
9	Robotic TAPP for incisional hernia · Ref ID 2107	Malhar Bambholia
10	Robotic total extraperitoneal (RTEP) umbilical hernia repair using the lateral dock technique - a video demonstration · Ref ID 2436	Uday Kumbhar

VIDEO · FF-3

Mixed bag

14:15 – 15:55

Day 3 · 29 August · Free Video Presentations · 10 minutes each

CHAIRS · Amit Kumar Samanta, Srija Basu, Rajat Bhattacharya, Bani Prasad Chattopadhyay

1	Total laparoscopic hepaticojejunostomy using Blumgart technique in recurrent pyogenic cholangitis: a technical perspective · Ref ID 2167	Bijit Saha
2	Twenty years to swallow again: totally laparoscopic esophagocoloplasty for childhood corrosive esophageal stricture · Ref ID 2414	Chinnu Philip
3	A refined approach scarless spleen preserving surgery · Ref ID 2175	Shibani Chandiramani
4	Laparoscopic identification and control of an aberrant subvesical (Luschka) duct causing intraoperative bile leak during cholecystectomy: a video case report · Ref ID 2213	YMKA Yapa
5	Laparoscopic cysto-gastrostomy for pseudocyst of pancreas · Ref ID 2397	Samarendra Nath Tripathi
6	Biliary tempest: navigating the difficult gallbladder · Ref ID 2434	Suman Saurav Rout
7	Why repair of hiatus hernia doesn't work for long time · Ref ID 2340	Prafulla Tamaskar
8	Scarless radicality: stoma free posterior exenteration · Ref ID 2231	Gomathi Meenakshi
9	Laparoscopic-assisted mini-PCNL for lower pole calculus in an ectopic malrotated kidney · Ref ID 2117	Naveen Kumar
10	Splenic Hydatid Cyst · Ref ID 2465	Abhinav Patnaik

Join us

Registration

Registration-only fees below. Residential packages (3N/4D & 4N/5D, Silver & Gold) bundle the delegate fee with stay — see the registration portal.

Current tier: Spot rates (from 1 August 2026). Spot rates apply from 1 August.

REGISTRATION ONLY

Category	~~Up to 10 Jun~~	~~11–30 Jun~~	~~1–31 Jul~~	Spot · 1 Aug+
AMASI Members	~~₹10,000~~	~~₹11,500~~	~~₹13,000~~	₹15,500
Non-AMASI Members	~~₹10,500~~	~~₹12,500~~	~~₹14,500~~	₹16,500
SAARC Delegates (SL, NP, BT, MU, BD)	~~₹10,500~~	~~₹12,500~~	~~₹14,500~~	₹16,500
Foreign Delegates (non-SAARC)	~~$150~~	~~$200~~	~~$250~~	$300
PG / NBE / Fellows / MCh students	~~₹7,500~~	~~₹8,500~~	~~₹9,500~~	₹10,500

All fees are exclusive of 18% GST. Expired tiers are struck through; the active tier is highlighted.

RESIDENTIAL PACKAGES · AMASI MEMBERS

Package	Up to 10 Jun	11–30 Jun	1–31 Jul
Silver · 3N / 4D	₹37,000	₹38,500	₹40,000
Gold · 3N / 4D	₹44,500	₹46,000	₹47,500
Gold · 4N / 5D	₹68,000	See portal	See portal

Rates shown for AMASI Members and include the delegate fee. Non-AMASI, SAARC & foreign rates and the accompanying-person fee are on the portal. Platinum package is sold out. Confirm the accommodation cut-off date at registration.

Register Online

Registration, abstract submission & package selection — one portal.

Good to know

Delegate Information

Everything you need to plan your trip to Kolkata.

Accommodation

Residential packages include stay at partner hotels near the venue; room category depends on the Silver / Gold tier chosen. Allocation is first-come via the registration portal, so book early.

Travel & Visa

Foreign delegates may request a letter of invitation for visa purposes from the secretariat at amasicon2026@gmail.com. The letter supports the application and does not guarantee approval.

Abstract Submission

Submit papers, videos and posters via amasicon2026.com/abstract-submission. Accepted abstracts are considered for the AMASI awards; submission deadlines are published on the portal.

CME Accreditation

CME credit hours are being accredited by the relevant medical councils. Certificates of credit are issued to registered delegates after the conference.

Sponsors & Exhibitors

An 80+ booth innovation and trade expo runs alongside the scientific program. Sponsorship and exhibition enquiries: amasicon2026@gmail.com.

THE VENUE

Biswa Bangla Convention & Exhibition Centre

LOCATION

Canal Bank Road, DG Block (Newtown), Action Area I, New Town, Kolkata, West Bengal 700156

GETTING THERE

30 minutes (10.7 km) from Netaji Subhas Chandra Bose International Airport, Kolkata.

ABOUT THE HOST CITY

Kolkata — the cultural and intellectual capital of India — pairs colonial-era grandeur with a thriving culinary and arts scene. Between sessions, delegates can visit the Victoria Memorial, cross the Howrah Bridge, or wander Park Street's cafés, all wrapped in the city's famous Bengali hospitality. New Town, where the venue sits, is a modern district with international hotels minutes from the convention centre.

CONFERENCE SECRETARIAT

Tamonas Chaudhuri
Organising Secretary

ILS Hospitals, DD 6, Salt Lake Bypass, DD Block, Sector 1, Bidhannagar, Kolkata 700064
